

# Windscreen Adhesive

## ACW30D

High Performance Polyurethane Adhesive

- Complies with SANS 1591 which is SABS specification for Polyurethane which is incorporated in the SANS 10240 which is a must specification for all fitment centres
- Complies with International ISO Standards
- One-component formulation, excellent smooth appearance.
- High adhesion strength, modest hardness after curing.
- Durable and excellent extruding characteristics.
- No sagging, no corrosion to base material and no pollution to the environment.
- Excellent sealing and adhesion performance, excellent water and aging resistance.
- No activator and/or primer is required.
